# Cozy, Comfortable Mobile Home Oil Heating

## The Thermo Pride Story

Located right here in the United States, Thermo Pride has a 60-year heritage of superior workmanship, product innovation and small town work ethic. We are committed to handcrafted products and hometown values like comfort, reliability, durability, quiet operation and high efficiency.

You will appreciate the peace-of-mind that comes from knowing your Thermo Pride Mobile Home and Cottage furnace is anything but a mass-produced, low-cost compromise between quality and price.

## Replace Your Old Furnace with Thermo Pride

When your current furnace fails, you'll want to replace it with one that is both dependable and economical. The Thermo Pride Oil Mobile Home furnace is designed and built specifically as a replacement furnace.

We use only the finest construction materials and controls. Nowhere is this more evident than in the heat exchanger, which incorporates our time-tested highly efficient and durable Octatherm™ design.

## The Octatherm™ Advantage

For over fifty years, our Octatherm heat exchanger has been used in Thermo Pride oil furnaces. The time-tested, eight-sided design is at the heart of Thermo Pride's reputation for high efficiency, reliability and durability.

Thermo Pride's revolutionary Octatherm design forces flue gases into a high rate of agitation as they pass through the heat exchanger. This increases heat transfer and efficiency, resulting in more uniform surface heating.

## "Peace of Mind"

### Lifetime Limited Warranty

Since 1955, Thermo Pride has stood behind their heat exchangers with the industry's only non-prorated, automatically transferred warranty. In addition a full 10-Year Parts Warranty comes standard at no additional cost.

## Efficiency

Thermo Products is proud to be an ENERGY STAR(R) Partner. Many of our products are ENERGY STAR qualified.

Products that have earned the ENERGY STAR are designed to protect the environment through superior energy efficiency. Ask your Thermo Pride dealer about qualified units.

## Made in the USA

We're proud that Thermo Pride furnaces are manufactured in the United States out of American steel. Thermo Pride oil products have also earned

the industry-respected certification for safety from Underwriter's Laboratory (UL).

## Features and Benefits

## Accessories

Thermo Pride offers a complete line of heating and cooling equipment. The addition of accessories to your system can provide greater comfort and a healthier indoor environment.

### Premiere Series Air Conditioner

Available in 2 through 5 tons, the Premiere Series condensing units offer high efficiency air conditioning, providing efficiencies up to 16 SEER with ultra quiet operation, and a practically indestructible cabinet.

### Cottage Base

Used whenever the furnace is installed in a home, garage or addition. Grilles or ductwork may be cut in the base as needed.

### Combustible Floor Base

Required whenever a furnace is installed on combustible material. It is shipped with a warm air duct connector and combustion air chute. The base comes with knock-outs for all combustion applications.

### Air Conditioning Coil Cabinets

Match up your Thermo Pride Premiere outdoor unit with our mobile home specific coil cabinets. The coil cabinet replaces the floor base for up to 3 tons of air conditioning comfort.

### Roof Jack Assembly

Needed as a chimney for proper venting in mobile homes. Available in one, two or three foot lengths.

### 4" Straight Stainless Steel Vent Pipe

Connects the furnace to the roof jack assembly.
